Greetings:

As we begin a new season at the Damon-Garcia Sports complex we unfortunately have additionally come into contact with certain number of individuals who have taken up residence at the facility.

I would like to let you know that during the open hours of the facility, they have a right to be there as long as they are not doing anything illegal or harassing.

That being said, I have received multiple reports that some of these individuals do drink alcohol or smoke while on City property. This is against the City ordinances and if you or a member of your organization do view or believe that individuals are under the influence of anything or maybe harassing your organization, please contact the City Police non-emergency number at 781-7312.

SLO Police have been made aware of the unwanted presence at the complex and I have been told that they will be increasing their presence as much as possible.

Once again, please call the non-emergency line at 781-7312 if you suspect anything illegal happening.

Let me know if you have any questions.
